WE

Kingdom Logistics prides itself as one of the fastest growing company in the logistics and relocation industry of Saudi Arabia. We provide flexible end-to-end solutions that assist companies and individuals to meet their objectives by offering the best possible service at competitive prices. We are always looking forward, for versatile and innovative delivering solutions tailored to the needs of the customers.

The latest technology and transportation facilities are allowing us to give our customers the best service possible in Saudi Arabia and overseas. We have a strong fleet of our own trucks and delivery vans. All our employees are legitimate and under single sponsorship. Our Warehouses are large enough to

meet all your storage requirements. We facilitate land, sea and air transport to the requested destination port or a seamless door-to-door domestic and overseas moving service as desired by the customer.

Our company's core business is clearing and forwarding goods. Since our objective is to offer quality service in the most convenient and fastest way, we also handle the goods with great care as it is very important for our customers and their buyers as well.

FEATURES OF KL

KL is one of the leading Logistic Companies in Kingdom of Saudi Arabia, providing wide range of services all over the world with a view to manage the worldwide cargo network. We are well experienced how to serve customers in the best possible way.

Our expert staff and cargo designed software enables us to monitor and control the movement of goods from origin to destination.

Following are some features of our Company

- Every customer is important and special to us.
- Quick and safe clearing, forwarding and shipping.
- Handling consignment with precision and great care.
- Working with most economical rates.
- Well experienced, hardworking and dedicated staff.
- Perfect advisory services.
- Specialist in custom clearance.

SERVICES

The increasingly volatile and consumer sensitive chains of supply and demand are not only impacting prices, they are also stimulating today's logistics providers to be more responsive, agile and consumer-centric in their supply chain solutions.

Whatever the size of the organization our services approach is guided towards client satisfaction and our commitment towards excellent performance.

We offer a wide range of freight forwarding and logistics services that includes

a) Freight Forwarding by Air, Sea, Rail & Road

With a comprehensive range of air freight services, we offer consolidations back to back and also chartering of aircraft as and when required. We boast

an extensive network of agents that makes us able to provide secure, efficient and timely delivery of freight.

From group age (Less than a Container Load) shipments to full container loads, we offer you cost efficient sea freight services. We strive to take utmost care of your containerized goods and project shipments. Our worldwide network of associates and agents makes us lead the industry providing quick and hassle free services.

b) Consolidation & De-consolidation Services Air/Sea

We do accumulate such LCL cargo to fill up containers for our clients whose shipments cannot fill up such units, an idea that is quite cost effective. Most clients have always liked the idea as they spend less than they anticipate. Our goal is to get consignments to our clients via the quickest and most economical method.

With our direct freight link to the main customs cargo computer, we freight consolidate from multiple cargo suppliers and shippers around the world, subsequently offering our clients a convenient collaboration service which avoids unnecessary freight charges and delays.
